

CAPABILITY STATEMENT

Responsible technology. Built to scale.

AI, software, cloud and digital transformation services governed through one accountable UAE delivery structure.

ONE ACCOUNTABLE TECHNOLOGY PARTNER

Prime contractor and client interface

Desertech AI Solutions leads commercial ownership, scope, governance, quality and communication. Approved specialists may support defined work packages under our oversight when required by the engagement.

MARKET FOCUS

UAE & GCC

Based in Abu Dhabi and structured to support public and private organisations through project delivery, advisory and contracted managed services.

CORE SERVICE AREAS

01 Systems & Software Design

Architecture, applications, enterprise systems, integrations and digital platforms.

02 AI Development Services

AI assistants, intelligent automation and applied decision-support solutions.

03 Innovation & AI Advisory

Use-case discovery, feasibility, roadmaps and responsible adoption planning.

04 IT Consultancy

Technology assessments, requirements, operating models and solution assurance.

05 Website Design

Corporate sites, service portals, web applications and user-experience design.

06 Cloud Services

Architecture, migration, platform improvement and managed operations where contracted.

07 Network Management

Monitoring, administration and optimisation within the approved scope.

08 Project Management

Planning, governance, risk control, vendor coordination and delivery oversight.

DELIVERY LIFECYCLE

Discover → Define → Design → Deliver → Assure → Operate

Tender responses can include requirement traceability, delivery plan, governance, risk controls, commercial assumptions and acceptance criteria.
